

Submission Date:

Submission Requirements

For each package sample to be evaluated, the following elements must be sent collectively as a sample submission to GMI for review. This form must be filled out completely, emailed to GMI at sample.evaluations@graphic-measures.com and supplied with each package sample submission.

First Production Run

- (3) Finished production samples of packaging. These should be samples after varnish and diecutting and post-press finishing.
- (3) Press sheets from mass production run. These should be pulled from the beginning, middle and end of mass production run. Must contain the control elements (color bars and registration marks) supplied on disc. Also, please indicate clearly on each press sheet when the sample was pulled, i.e. "sample 220 of 40,000" or "sample 21000 of 40,000"
- Perforated Target ink standard used for color matching.
- This form completed by the Vendor and Packaging Supplier, printed and attached to package sample submission.

Additional Production Runs

- (3) Press sheets from press run. These should be pulled from the beginning, middle and end of press run. Must contain the control elements (color bars and registration marks) supplied on file.
- Perforated ink standard used for color matching.
- This form completed by the Vendor and Supplier, printed and attached to package sample submission.
